

Called To Be God's Glory

See the glory of Creator in the wonders of creation!
See the glory of our Savior in the lives that Love makes new!
See the glory of God present in the pow'r of Love awakened!
We are called to be God's glory in ev'rything we think and say and do!

From dust that God has made, God forms and frames our flesh and bones.
Then God empowers praise and prayer and translates all our wordless moans.
God shines in nature's gifts, in forests, meadows, sky and sea,
In food we eat and rain we drink,
God's glory in the air we breathe.

Of all that God has made, God's image in one place is found.
In humble human heart and mind, God's glory dances all around.

See the glory of Creator in the wonders of creation!
See the glory of our Savior in the lives that Love makes new!
See the glory of God present in the pow'r of Love awakened!
We are called to be God's glory in ev'rything we think and say and do!

Glory to God in all the universe, and on earth, peace to people of good will!
Glory to God in all the universe, and on earth, peace to people of good will!

See the glory of Creator in the wonders of creation!
See the glory of our Savior in the lives that Love makes new!
See the glory of God present in the pow'r of Love awakened!
We are called to be God's glory in ev'rything we think and say and do,
In ev'rything we think and say and do,
In ev'ry thing we think and say and do!
