          G          D G D  
There are people out there  
          A          D G D  
Who are cruel and unkind  
          G D G D  
They really don't care  
          A          D G D  
They'll mess with your mind  
          G D G D  
They'll falsely accuse you  
          A          D G D  
Use words like a knife  
          G D G D  
Confuse and abuse you  
          A          D G D  
They can scar you for life.  
          G D G D A D G D  
          Love anyway. Love anyway. G D G  
          D A D G D  
          Love anyway. Love anyway

They'll shoot down your dreams  
Frustrate every plan  
They'll judge and condemn  
What they don't understand.  
You'll be just like them  
If you pay back in kind An  
eye for an eye  
And everyone's blind. So ...  
          Love anyway. Love anyway. Love anyway. Love anyway

A man had a vision A  
beautiful dream  
Of a life and a mission Where  
love is supreme.

But we mocked and rejected We  
wanted him gone  
But love resurrected  
And th s on. So  
Love anyway. Love anyway. Love anyway. Love anyway
