

We Are Enough

It's so easy to lie
It's so easy to hide
Pretend and go along
and act like nothings wrong

But it's so hard to believe
What we can do will be enough

Chorus

You are enough
I am enough
Breathe in the love
We are enough (repeat)

It's so hard to show up;
So hard to trust love
Confess what's torn inside;
Admit the tears you've cried

It's so hard to believe
What we can say will be enough

Chorus

Bridge

No matter what you feel right now,
No matter what you've heard,
Love has the final word
(repeat)
Love has the final word.

Chant

We are, we are, we are enough (repeat TBA)

I am, you are, we are enough
