When Heaven Comes to Earth

Words and Music By Amy Sens, Copyright 2015. All Right Reserved.

When heaven comes to earth,
When heaven comes to earth,
What a bright and glorious day!
When heaven comes to earth
When heaven comes to earth
Oh when heaven,
 when heaven comes to earth!

The sky so blue and clear
With birdsong in the air
The waters fresh
and filled with healthy fish
No islands made of trash
Or clouds of greenhouse gas
When heaven,
 when heaven comes to earth!

When heaven comes to earth
When heaven comes to earth
What a bright and glorious day!
The sky so blue and clear

With birdsong in the air
When heaven,
 when heaven comes to earth!

With skilled and gentle hands
All caring for the land
Respect and kindness for the animals
Good food for everyone
And all grown close to home
When heaven, when heaven comes to earth!

When heaven comes to earth
When heaven comes to earth
What a bright and glorious day!
With skilled and gentle hands
All caring for the land
When heaven, when heaven comes to earth!

Each one will have a home
Where love and peace are known
Wise guidance for growing up in grace
No desperate lonely years
Or living life in fear
When heaven, when heaven comes to earth!

When heaven comes to earth
When heaven comes to earth
What a bright and glorious day!
Each one will have a home

Where love and peace are known
When heaven, when heaven comes to earth!

Awake now and arise
And open up your eyes
The future is calling out to you
God's love will lead the way
For living every day
So heaven, so heaven comes to earth!

When heaven comes to earth
When heaven comes to earth
What a bright and glorious day!
Awake now and arise
And open up your eyes
When heaven, when heaven comes to earth!
