Drink Deeply

Words and Music by David LaMotte

***Drink deeply when the wine is poured
Pass around the drinking gourd
May your spirit be restored
Drink deeply when the wine is poured***

Now take your glass and lift it up
Or grape juice in a plastic cup
No matter where the love is stored
Drink deeply when the wine is poured
Now rest a while and be renewed
My friends we have much work to do
With love our cause and our reward
Drink deeply when the wine is poured

Now join with all who drink this wine
In many lands and many times
Precious children of the Lord
Drink deeply when the wine is poured
And though we may not all agree
Let us sing in harmony
Different notes make up a chord
Drink deeply when the wine is poured
