***We each are born with a candle burning.  
This is the flame that lights the way.  
This is the love that shines within us,  
fills our hearts and dawns the day.***

1. Soft into silence, move through the night.  
Shadows of innocence, light into light.  
Heart of Creation reaching out for truth.  
Circle of unity, each one shall choose.
2. Gift of the Spirit opening to grace.  
Lost in the mystery Love Light's embrace  
Windswept awakening reaching out for Truth.  
Visioning unity, each one shall choose

### ***Bridge***

Honouring the light that shines within you.  
Honouring the light that shines within you.  
Honouring the light, the light, that shines within.

### ***Chorus***

3. Washed into wonder Love shall rejoice.  
Light of eternity, joy into joy.  
Justice, compassion calling out for Truth.  
Courage, community, each one shall choose.
