We've all been hurt and yes, we feel confused
So much is wrong but is there anything we can do?
Where is the hope? When there's just so much pain
So much is broken, can it be whole again?

We can just stay in this place or go our separate ways
We can just stay in this place or go
Or we can stand, we can stand with love

***We stand, we stand, we're gonna stand with love
We're gonna stand with love
We stand, we stand, we're gonna stand with love
We're gonna stand with love***

Let us not sit in judgement or only bow in prayer
Let us not leave in anger
Or stay in our despair
Let us not sit in judgement or only bow in prayer
Let us not leave in anger
Or stay in our despair

But by the grace of God, Let us stand together in Love

***We stand, we stand, we're gonna stand with love
We're gonna stand with love
We stand, we stand, we're gonna stand with love
We're gonna stand with love***
